

Did You Vote in the 2025 New Rochelle School Board Elections?

Most of New Rochelle's registered voters live South of Eastchester Road.

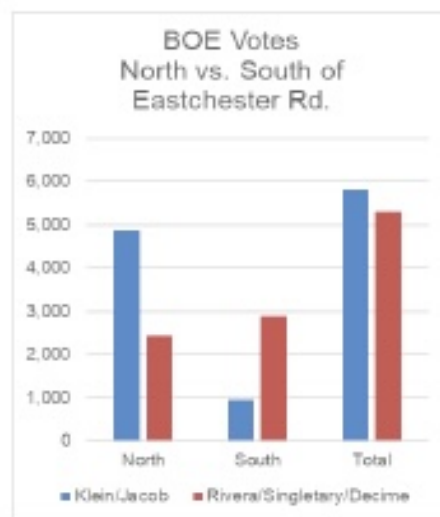

Registered Voters North and South of Eastchester Rd.

But registered voters in the North were 3 times as likely to vote in the 2025 school board elections as those in the South.

As a result, candidates favored by voters in the North were able to narrowly defeat candidates favored in the South in the 2025 school board elections.

Most of New Rochelle's registered voters and public school students live in the South end of the city. But in 2025, school board candidates favored in the North end defeated the candidates favored in the South end. *WHY?*

BECAUSE THOUSANDS OF REGISTERED VOTERS IN THE SOUTH END DIDN'T VOTE.

**South end voters have political power if we choose to use it!
Be sure to REGISTER and VOTE in all local elections!**
