

Damon Maher statement

7_27_21 Starbucks Planning Board

“I cannot attend the New Rochelle City Planning Board this evening but, as a City resident and as the County Legislator representing constituents in the neighborhood that would be affected by the proposed Starbucks drive-thru, I wish to go on record wholeheartedly endorsing the well-researched, well-reasoned and strongly-worded letter, dated July 19, 2021, from our County Planning Board over the signature of our highly respected County Planning Commissioner, Nora Drummond, which stands in outright opposition to the drive-thru proposal.”
